INTERNSHIP COLLABORATION PROPOSAL 2026

Code Crafter Infotech

About Code Crafter Infotech

Code Crafter Infotech is an IT solutions company focused on delivering innovative software and digital solutions to businesses across various industries. We specialize in:

- Web Development
- Mobile Application Development
- ERP & CRM Solutions
- HRM & Inventory Management Systems
- UI/UX Design
- Software Testing & Deployment
- Client-Based Live Projects

Our objective is to bridge the gap between academic learning and industry requirements by providing students with practical exposure through structured internship programs.

Internship Opportunity for Students

We are pleased to offer internship opportunities to students seeking practical industry experience, technical skill enhancement, and exposure to real-world projects under expert guidance.

Internship Domains Available

Development Technologies

- PHP / Core PHP Development
- Laravel Development
- React.js Development
- Next.js Development
- Nest.js Development
- Node.js Development
- Express.js Development
- JavaScript & TypeScript Development
- Android App Development (Kotlin / Java)

Design & Frontend Technologies

- Web Designing (HTML, CSS, Bootstrap, Tailwind CSS)
- UI/UX Design (Figma)

Internship Intake

We can accommodate a total of 20 students:

Paid Internship Seats

- 15 Students

Sponsored Internship Seats (No Fees Required)

- 5 Students

Applicable only for the 3-Month and 6-Month Internship Programs.

These sponsored seats are reserved for talented and deserving students who demonstrate strong technical aptitude and learning potential but may be facing financial difficulties. The objective is to ensure equal opportunities for skill development and industry exposure.

Note: There will be no discrimination between paid and sponsored interns. All students will receive the same training, mentorship, project exposure, learning resources, and evaluation process.

Mode of Internship: Online (Remote)

Code Crafter Infotech

Internship Benefits

- Practical Industry Exposure
- Hands-on Learning Experience
- Industry Mentorship by Experienced Professionals
- Technical Skill Development
- Opportunity to Work on Live Client Projects
- Internship Completion Certificate
- Performance-Based Placement Opportunities
- Direct Full-Time Hiring Opportunity for Outstanding Performers

Students who demonstrate exceptional technical skills, dedication, problem-solving abilities, and professional conduct during the internship period may be offered a full-time position at Code Crafter Infotech before completing their internship.

Progress Tracking & College Coordination

Throughout the internship program, our team will remain in direct coordination with the Placement and Internship Department of the institution.

Regular updates will be shared regarding:

- Student Attendance
- Learning Progress
- Technical Skill Development
- Project Participation
- Professional Conduct
- Overall Performance

Additionally, a detailed monthly feedback report for each student will be shared with the designated college coordinator to help monitor progress and maximize learning outcomes.

Why Partner with Code Crafter Infotech?

- Industry-Oriented Curriculum
- Real-Time Project Exposure
- Experienced Mentors
- Structured Learning Path
- Continuous Performance Evaluation
- Career Guidance & Placement Support
- Opportunity for Direct Hiring

Our mission is to contribute to student career growth by providing practical learning experiences that prepare them for successful careers in the IT industry.
